3. Recently [REDACTED] contacted ORR to seek guidance, criticism and data on a new [REDACTED] project to cost the air weapons programs of the USSR. After some discussion ORR offered free access to all its data and results providing the proper clearances were obtained for the [REDACTED] personnel involved. It now appears that [REDACTED] is not sufficiently interested in this background to clear its analysts for this purpose. 25X1A5a1 25X1A5a1
